

30 YEARS OF SUCCESS

The B. M. Hyde Co. Offer a Remedy for Catarrh. The Medicine Cost Nothing If it Fails.

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relieve catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people to substantiate. We want them to try Rexall Mucu-Tone, a medicine prepared from a prescription of a physician with whom catarrh was a specialty and who has a record of thirty years of enviable success to his record.

We receive more good reports about Rexall Mucu-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Mucu-Tone is, it would be the only catarrh remedy we would have any demand for.

Rexall Mucu-Tone is quickly absorbed and by its therapeutic effect tends to disinfect and cleanse the entire mucous membrane tract, to destroy and remove the parasites which injure the membrane tissues, to soothe the irritation and heal the soreness, stop the mucous discharge, build up strong, healthy tissue and relieve the blood and system of diseased matter. Its influence is toward stimulating the mucous cells, aiding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Rexall Mucu-Tone, beginning a treatment today. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. We have Rexall Mucu-Tone in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Live Oak only at our store.—The Rexall Store. The Suwannee Drug Co.

All Florida Land Worth Its Price.

A good deal of talk is going the rounds of the press these days about "misrepresenting things," that a great deal of the land placed on the market will not produce what is claimed it will, and is not worth the money asked for it, etc.

Now, let us take a look in'to this land matter a little, and see if we do not find things some different than have these pessimists. As a general rule, land on which colonists are located in this state, is being sold at from \$20 to \$30 an acre, with a lot in the colony town thrown in. Any man can make a living for his family on five acres here, and have at least \$50 an acre left each year, or \$250 from a five-acre tract, which is an average of about 100 per cent on his original investment. Of course, this statement carries with it the proviso that the man works, instead of putting in his time standing around enjoying the pleasant weather and telling of the big fish he caught.

Remember that this man is out only a hundred or two hundred dollars for land, and not more than a thousand dollars for having it put in shape for cultivation and building him a first-class house—and it pays him 25 per cent as his interest the first year.

Land in the North and West that will yield \$50 worth of anything net a year is held at from \$200 to \$300 an acre, and usually land that yields as much as \$50 gross a year brings \$50 an acre there. It requires a great deal more costly house to live in, stock must be fed in the stall six months at least out of every twelve, and the fuel bill is about twenty times as great as it is here.

Life in the extreme North or Northwest is little else than a mere existence, for the intense cold in the winter and the extreme heat in the summer robs one of half the pleasure of living, and a failure of a crop means in many cases a mortgage on the farm to provide a living until next planting season, for it's one, and only one, crop a year there.

Land in this state that is selling for \$100 and \$200 an acre, if properly cultivated will yield a thousand dollars worth of vegetables a year, or 500 per cent at least, on the purchase price, and there is no snow to shovel, ice to break, or heat prostrations to contend with. Here you live all day every day in the year and enjoy health and happiness, on an interest of one-tenth of what would be necessary in the North to make the same amount of money.

A Handsome Woman

Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eye, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild and gentle do they act that one hardly realizes that they have taken medicine. Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and dizziness. Sold everywhere. Price 25 cents.
